

PRODUCT RELEASE

Product Release - December 2019: *Model 4000V Evolution*

The Ultimate in LED Headlight Conversion

Since the release of the STARR LED headlight bulb program 3 years ago, STARR Lighting has continued to develop the program using the feedback received from our customers. With the advent of new technologies and the advancement of LED chip quality, STARR Lighting has reached a new level of performance with the new EVOLUTION 4000 LED Bulb upgrade kit.

Although the EVOLUTION 4000 model boasts the same light output at 2000 lumen per bulb, the physical size, LED efficiency & heat dissipation have been improved to enable a more compact construction compared to the old version.

Through extensive research on driver fatigue, the reaction of white light to road signs, road markings and other drivers, STARR Lighting has established that the new colour temperature of 6000K better suits the Canadian Road conditions and drivers needs.

The base type range remains the same and offers an extensive program including: H1, H3, H4/9003, H7, H8, H9, H10, H11, H13/9008, H15, 9005, 9006, 9007 and 9012/HIR2 LED headlight bulbs.

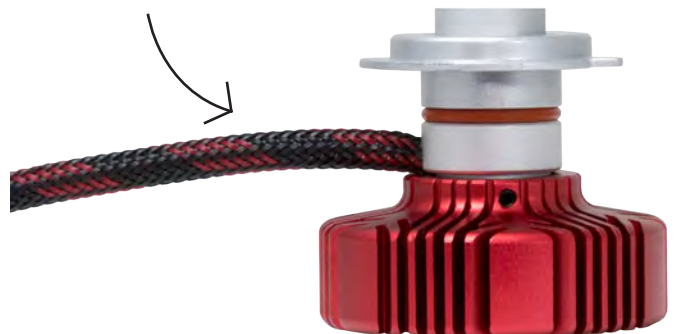

To ensure easier installation to most vehicles, the connecting harness now exits the LED base from the side rather than through the bottom of the heatsink. Other advances include a more compact external power box featuring the latest generation electronics which is now hard-wired into the bulb rather than using the twist lock connector of the old model.

New Power Module

Side Exit Cabling

NEW SMALLER BOX DESIGN WITH HANG SELL

OLD BOX

LED Bulb Kit Specifications

Lumen Output: 2000 per bulb
 Colour Temp: 6000K
 Power: Low 25W, High 25W
 Voltage: DC 12/24V
 Operating Temp: -40° / +80° C (130° Max)
 IP Rating: IP65

- Not approved for SAE, ECE or DOT
 - CANbus modules may still be required on some vehicles

Part No.	Bulb Type	Description
STARR-H1LED4000V	H1	H1 LED Bulb Kit - 12/24V - 6000K
STARR-H3LED4000V	H3	H3 LED Bulb Kit - 12/24V - 6000K
STARR-H4LED4000V	H4/9003	H4/9003 LED Bulb Kit - 12/24V - 6000K
STARR-9005LED4000V	9005/HB3	9005/HB3 LED Bulb Kit - 12/24V - 6000K
STARR-9006LED4000V	9006/HB4	9006/HB4 LED Bulb Kit - 12/24V - 6000K
STARR-H7LED4000V	H7	H7 LED Bulb Kit - 12/24V - 6000K
STARR-H10LED4000V	H10	H10 LED Bulb Kit - 12/24V - 6000K
STARR-H11LED4000V	H11/H8/H9/H16	H8/H9/H11/H16 LED Bulb Kit - 12/24V - 6000K
STARR-9012LED4000V	9012/HIR2	9012/HIR2 LED Bulb Kit - 12/24V - 6000K
STARR-H13LED4000V	H13/9008	H13/9008 LED Bulb Kit - 12/24V - 6000K
STARR-H15LED4000V	H15	H15 LED Bulb Kit - 12/24V - 6000K
STARR-9007LED4000V	9007/HB5	9007/HB5 LED Bulb Kit - 12/24V - 6000K

LED Bulb Kit Contents

2 x LED Headlight Bulbs

LED Bulb Kit Warranty

3 Year - Standard Driving Conditions: For normal driving & recreational 4X4

1 Year - Off-Highway: For mining & industrial applications
